Alex,

Here's the spread sheet for 2015, any questions let me know. All but two of the current cameras in the garage have been repaired or replaced within the past two weeks; however, there are no additional camera additions budgeted currently.

Thanks,
Mike

Thanks Mike,
We have been deploying the decoy vehicle and patrolling on regular basis. I will have reinforce extra patrol by our bike units. Please let me know if you have any patterns with days or hours so we can focus during those times. Also what is the status of installing the cameras that will provide extra coverage in all areas of the parking lot.

Thanks
Alex

Mike,

It looks like the vehicle break-ins / thefts are ramping up again ~ and now on Level P5 as well. We did provide the key cards to LAPD but according to the parking operator, LAPD hasn't patrolled the garage much lately. Please let me know the status of the new garage cameras and any other updates you may have.

Thank you and Happy New Year!

Are they able to pick up the perps on camera? Is there adequate camera coverage in the garage?
